7) What do you think is the most significant weakness in your spiritual life at this point?

8) What is your biggest regret about this last year? _____

9) What are you working on presently to finish off the school year in a way that honors Christ?

Because Woodside Bible Church is committing money, resources, and time to you as a student, it is understandable that mission trip candidates should be expected to align themselves and commit to this body of believers.

Are you a **member** of Woodside Bible Church? Yes / No / not sure Have you been **baptized** by immersion after salvation? Yes / No Have you been '**Because We Care**' trained? Yes / No

Because we will be working in close proximity to children, all mission trip members will go through a 'Because We Care' training session. This program exists to train students in appropriate and inappropriate behavior in any given situation, how to handle emergencies, and how to conduct themselves as representatives of Christ who are above reproach. **If you are not presently a member of Woodside Bible Church, are you willing to take steps toward membership and believers baptism within a reasonable time** (ideally before the trip)?

Yes / Not sure / Would prefer to discuss this by phone

Were you consistently plugged into Sunday nights/small groups this year? Yes/ No

Describe what was most helpful to you in that small group, or explain why you were not able to get plugged in:

Did you regularly attend the main worship service? Yes / No

If not, explain why you choose not to attend (you are not interested, you were only here every other weekend, you were just lazy, etc. – be honest!)

Note: For all of our mission trips, it is expected that students will participate willingly in all mission trip training, regularly and enthusiastically be involved in the main worship service as well as faithfully attending and leading elements of the student ministry Sunday night service. There will also be high expectations and training for developing a personal holiness that includes tools for personal Bible study, scripture memory, and personal accountability. I understand and am ready for these challenges and willing to meet the expectations. In addition, I understand that I will disqualify myself from the team if I violate our team covenant: This includes standards pertaining to use of drugs or alcohol, profanity/inappropriate pictures on facebook, or any other outward disregard for Christian standards of Student's leadership.
